Card of Thanks to Dr Chong.

AFTER BEING TREATED FIVE MONTHS by a white doctor, and spending nearly $300, I was worse than when I first went to him. I had quite despaired of being relieved when I read Dr Chong's Card in The Colonist. I placed myself under his care and in NINE DAYS I was a well man. I write this card to discharge a debt of gratitude I owe to Dr Chong, which charge, I may also say, was reasonable. My complaint was neuralgia. WILLIAM McCORMICK.

Dentistry.

C FRANCIS BARNARD, MD.
SURGEON DENTIST.

DR. BARNARD HAS HAD FOR several months the "Perkins Hyatt" or "Celluloid Base," the newest and latest material adapted to the mounting of whole sets of teeth; he is also using "Whalebone-Rubber," which is rapidly supplanting, for single dentures or partial sets, the best vulcanites of the last 25 years.
We cheerfully add Dr. B's Card to our columns, convinced that his good taste and judgment, united to natural skill and ingenuity, aided by an extensive practice of upwards of thirty years, render his services more valuable and reliable than those of any other Dentist on the Sound, Coast or Island.
Dr. B's large experience may be readily seen in the happy and natural expression given his patrons by his life-like insertion of artificial Teeth
The public may rest assured of patience, gentleness and undivided attention while under the Dr's hands, and that he will ever strive to be foremost in adopting helps and hints touching his own interest and that of his patrons.

THE BRITISH COLONIST.

Saturday Morning, June 29, 1872.

The New Judges.

The St John N. B. *Telegraph* has the following:—Our readers will be pleased to learn that the Hon J H Gray is to be one of the eighteen Judges which, it seems, this Dominion requires, in order to keep it right. Mr Gray's speech, which we publish to-day, as well as other deliverances of his which we have recently quoted or to which we have referred, have done him no little credit. He is, it is understood, to become Chief Justice of Manitoba. He will be followed into his new sphere by the wishes of many of his old friends. —We could wish that appointments to the bench were always determined by eminent fitness, and never given merely as the rewards for political services. The fact that the latter is often the case generally tends to sap the independence of those Barristers who are, at once, members of the House of Commons and aspirants for the bench, and it leads sometimes to bad judicial appointments. In the present case it will be admitted that Col. Gray is eminently qualified to do honor to the position to which he is about to be called. He is not only learned in law and statesmanship, but intimately acquainted with the French language, which will be a valuable acquisition in Manitoba. The book which he recently published giving the history of Confederation is admitted to be a most valuable work, written in a very attractive style.' It will be remembered that a notice appeared in the Government *Gazette* of this Province, some time ago, announcing Col. Gray's intention to seek admission to the Bar and we have learned through other sources that he has long had a desire to come to the Pacific. British Columbia representatives recently arrived from Ottawa state that the Judgeship here, as well as the Chief Justiceship of Manitoba, had been offered to Col. Gray; that he had signified his willingness to accept the latter provided the salary were made $4,000, and that a very influential petition had been signed by members of both Houses of Parliament, asking the Dominion Government to make the increase in order that Col. Gray may be appointed. This information is scarcely in harmony with the paragraph taken from the *Telegraph*; and yet it comes to us in a way which would forbid doubt. We know Col. Gray to be all that our contemporary claims for him; but, were he even more, we should still be be compelled to enter our protest against the implied slight to the local Bar involved in the act. The senior had a right to expect, and, it is believed, did expect, that the first vacant judgeship would be offered to him, and we were led to believe that the offer had actually been made. At the same time, it is impossible to close our eyes to the advantage of having added to the Bench of British Columbia a gentleman of Col. Gray's ripe experience and rare forensic ability. He has repeatedly occupied important positions in the service of his country, which, one would imagine, ought to entitle him to expect a much better appointment.

The Great Peace Jubilee.

The Hub of the Universe (Boston) is all aglow with the Great Peace Jubilee now going on. Madame Peschka-Leutner, the great German singer, had been engaged at $16,000 for the occasion,—a stroke of business on the part of the Committee which a Boston paper declares "overshadows the British Grenadier Guards, the Irish Constabulary, or even the French Garde Republicaine bands." The Jubilee Committee had tried to secure the services of Mdlle Titiens, another great German singer, but she declined the tempting offer of $24,000, and all expenses paid, on account of the public and private engagements in London which she regarded as of more consequence to her. This, says the Pall Mall Gazette, is double the sum ever offered to Jenny Lind for similar services. The number of reserved seats sold for the Jubilee of 1869 was 14,482 — $5 tickets, 8,248; $3 tickets, 6,234. The number of reserve seats this year will, it is expected, reach 21,000. Over $60,000 worth had been sold up to June 6th. To give the reader some idea of the enormous magnitude of the affair, it may be stated that the pay-roll of the men employed on the Coliseum required the disbursement of $14,000 every Saturday.

Sad End of a Favorite "Purp."

Recently a cultivated gentleman of the old school lost a favorite purp named "Joe." During the past few days the gentleman had been squandering his wealth with reckless profusion, paying for advertisements in the city papers requesting the "dorg's" return, promising the munificent reward of five dollars and agreeing to ask no questions. Yesterday morning when he awoke he found a few links of sausages hung on his door knob, with the following explanatory note:—

"Dear Sir: I have seen your advertisement in the city papers. This is all that remains of 'Joe.' Had I seen your advertisement a few hours sooner I might have returned more of him; but at a late hour last night His Honor the Mayor called at my restaurant in a famishing condition, and asked for ice-cream sausages and cake. I regret to say that these few links—representing Faith, Hope and Charity—are all I was able to save. The Mayor had a prodigious appetite, and I must say 'Joe' was very fat and tender, and admirably cooked. I expect the Mayor around this evening for the remainder of Joseph, but when I read your touching appeal to the public for his return in the Sunday Enquirer, I overcome any sordid feeling of avarice I may have had and resolved to make what restitution I could. I am a poor man but do not claim the reward. Owing to the Mayor's robust appetite, 'Joe's' funeral expenses will be light. I leave him suspended to your door knob. Take him and may God bless you. Yours Blobbs.

To the Electors of Victoria District

Including Victoria City, Victoria District, Esquimalt and Metchosin:

GENTLEMEN:—In a short time you will be called upon to elect two members to represent you in the House of Commons, and as many Electors have expressed to me a desire that I should offer myself as a candidate for that honorable position, I now solicit your suffrages, assuring you that, if elected, no effort on my part shall be spared to advance your interests at Ottawa, or to assist in legislating for the advancement of the whole Dominion. Politically I am in favor of giving a generous support to the present Canadian Administration, and should strongly advocate the national importance of the Railroad being terminated at Esquimalt. I should urge the establishing of a Quarantine Hospital at once; the opening of an Immigration Agency at Victoria, the building of a Lighthouse at the entrance to, and the dredging of Victoria Harbor. I should endeavor, if necessary, to obtain an increased guarantee for the Dry Dock, and should point out the benefits and importance of completing the Railroad from the Pacific to Lake Superior (at east) in the shortest possible time. From present information upon the subject it appears there is little prospect of both Houses being in session this year at the same time, but should it prove otherwise, and should I be elected to the Commons, I should feel in honor bound (although with great reluctance) to resign my present seat in the Local House, and enable another representative to take my place.

I remain respectfully your obd't servant,
je29 ROBERT BEAVEN.

A Card to the Public.

EDITOR BRITISH COLONIST:—As I am about to apply for another trial of the cause of Eliza Ord vs Robert Drinkall, I wish to se myself right in the eyes of the public by saying that the report of the trial in the *Sentinel* is garbled and the result of ill-feeling on the part of the proprietor of that paper towards me, from whom I recovered a sum of money before Mr. Ball not long ago. The suit was based upon the following agreement, which, I think, ought to be sufficient to convince any fairminded person of my claims:

This agreement made the seventh day of November, A. D. 1870, between Robert Drinkall of Cameronton, in the District of Cariboo, British Columbia, free miner, and Eliza Ord of Barkerville, in the same District, formerly hotel-keeper, but now out of business, witnesseth, that the said Robert Drinkall hereby covenants and agrees to and with the said Eliza Ord that at any time hereafter when she may or shall request him to be united to her in the bonds of matrimony he will forthwith unite himself to her in legal marriage according to the laws of British Columbia aforesaid, hereby binding himself solemnly and irrevocably to the due performance of the above covenant and agreement. In witness whereof the said Robert Drinkall hath hereunto set his hand at Barkerville aforesaid the day and year first above written.

(Signed) ROBERT DRINKALL, ELIZA ORD.

Signed in the presence of J. S. Thompson.

From the above it will be seen that I have asked nothing but justice. I would add that the defendant tried in Court to disprove his own and Mr. Thompson's signatures, but failed most effectually; and Mr. Davie's statement that I was guilty of "fraud" was disproved by his own witnesses. If I had been a bad character, how did it happen that Mr. Drinkall (who has been my neighbor seven years) consented to give me the document which I produce above. With respect to the assertion that I was in a hurry to sue Drinkall, the document is two years old, which fact shows that I was more anxious that he should fulfill his agreement than to recover money from him.

MR. NATHAN, M. P.

This gentleman will be a Candidate for re-election to the Commons for Victoria City.

ENGLISH JURIES.—The British House of Commons has been occupied with a Jury Bill which would have been thought revolutionary a few years ago. It reduces the number of jurors to seven, excepting in murder cases, and renders members of Parliament and clergymen liable to serve, excepting during session or convention. One English journal regrets that the Bill did not do away with the absurdity of requiring unanimity in jury verdicts.

COMING EVENTS.—Our contemporary of the Ottawa *Times* thus concludes a leading article on the Pacific Railway:—It is always the fashion with many persons to regard any great enterprise as wild and chimerical, but we live in great hopes of seeing the day when the thunder of the Pacific express will mingle with the roar of the Chaudiere, and a trip from Ottawa to British Columbia and back, will be regarded as a very common place adventure indeed,'

FRENCH NATIONAL RELIEF FUND.—It will be remembered that the French ladies of this city, with that love of country for which the French are everywhere marked, put forward an effort some time ago to contribute their quota to the national relief fund. The financial statement appears in another column, from which it will be seen that the handsome some of $813 89 was realized.

RETAIN HER.—The Sparrowhawk is eminently fitted for service in British Columbia waters and, with new boilers, would be good for twenty years. If taken home to England she would, in all probability, be broken up. An application should be made by telegraph to have her handed over to the Dominion Government for service in these waters.

THE COMMONS.—Mr. Beaven's address as a candidate in Victoria District for the Commons appears this morning. It is brief, sensible and manly; but, until the present members have given an account of their stewardship (for which we suppose, the great bulk of electors will reserve their pledges), we shall be unable to pronounce upon his chances of election.

THE ENGLISH BALLOT.—The London *Globe* thinks the cumbersome system of secret voting will in practice either double the number of polling places, or prevent half the constituency from recording their votes. As the Bill stands, its nett effect, says the *Globe* is to impose grievous and humiliating penalties on the class of men whom it affects to protect. It will do nothing but distract and oppress.

PERSONAL.—The Rev Thos. Bedford Jones, L.L.D., Rector of St. Alban's Church, Ottawa, has, we observe by our exchanges, been the recipient of a handsome present accompanied by a sympathetic address from members of his congregation. The occasion which gave rise to this kindly expression of appreciative esteem was the rev. gentleman's departure for the Old Country, where he has gone on a visit for the benefit of his health.

THE CITY AND COUNTY OF ST. JOHN gets the new seat in Parliament coming to New Brunswick. There will thus be *two* seats for the County and one for the City The opinion is general that Mr Burder, the popular Chairman of Portland, will be one of the coming M. Ps. for the County and that Mr Tilley will be returned for the City without opposition.—St. John's (N.B.) paper.

THE BAY VERTE CANAL is to be proceeded with this season beyond all reasonable doubt. It appears that the cost will only be between five and six millions of dollars and not, as before reported, about twice the amount.

THE steamer Enterprise left at 10:15 a. m. yesterday, for New Westminster, with a very large mail and Barnard's Express and the following passengers:—Mrs E A Clarke, Mrs Raymur, Mrs Clute and children, Miss Clarkson, Dr Bowden, Mr Dewe, P O I, and Messrs Clarkson, F Dickenson, and E Brown

FLOWER SALE.—Plummer & Pagden will hold a sale of flowering and hot-house plants from Rev. Mr. Jenn's Conservatory, this morning. Many of the plants are of rare varieties and were raised by Mr. Jenns, who is a most successful amateur florist.

TELEGRAPHIC.—The office at Spence's Bridge has been closed, and a new office will be opened on Tuesday next at Cache Creek. We have received a communication from the Mainland complaining of the closing of the office at the bridge, alleging that it will entail much inconvenience.

THE PEST-HOUSE.—Mr. Hunter second officer of the Prince Alfred, is recovering, the attack being a mild form of varioloid. Hall, the under steward, has confluent smallpox, but is not thought to be in any danger.

ECCLESIASTICAL.—We are desired to state that the Rev. Mr. Hall (the Cariboo Missionary) will preach in the Wesleyan Methodist Church, Pandora street, to-morrow evening.

THE LONDON QUARTERLY for April comes to us replete with good reading. Amongst others, it contains an excellent paper upon the international difficulties.

NEW LAW FIRM.—Hon A. R. Robertson, barrister, and Edwin Johnson Esq., Solicitor, have formed a co-partnership.

"BEHOLD, HOW GREAT A MATTER," &c.—An Ottawa paper says, "About midnight of the 24th a man, who was a little the worse for liquor, set off a Roman candle at the corner of Nicholas street, Ottawa. The flaming ball fell into the dram and an explosion of gas immediately followed, which smashed and blew in the windows of the St Lawrence Hotel and adjoining houses. The sidewalk took fire but was speedily extinguished. A defect in the pipe was the cause of the accident."

WIMBLETON TEAM.—We announced some time ago that Canada decided to send a team to Wimbleton this year. The Dominion Parliament has voted $4000 towards meeting the expenses of the Team.

FIRST DIVIDEND.—A first dividend of 20 per cent. will be paid by the Liquidators to all creditors of the Queen Charlotte Coal Mining Company, other than shareholders, on and after the 2d proximo.

Fort Garry and Lake Superior R. R.

On the 7th inst the Railway Committee of the Dominion House of Commons was engaged in discussing the Fort Garry and Lake Superior Railway Bill. The bill proposed to give powers to construct a railway from Fort Garry to some point on the north shore of Lake Superior.

Sir Francis Hincks thought the line would be a rival to the Pacific Railway.

Hon. Mr. Mackenzie thought that, if the Pacific line had its terminus on Nepigon Bay it was desirable to have a branch road from Thunder Bay to the Pacific.

The Chairman said the bill would have suspensory clauses.

Hon Mr Wood thought they could not prevent competing lines from running through this district in the interest of the country.

Hon Mr Tupper considered to grant this charter would throw obstacles in the way of the accomplishment of the pledge to construct the Pacific Railway.

Mr Cumberland thought if the Nepigon location had been decided on for the Pacific Railway, it was open to private enterprise to construct a road from a better place.

Hon Mr Mackenzie suggested that, instead of Fort Garry, the line should be constructed to a point east of Winnipeg River.

Hon Mr Abbot proposed to give the Government power to agree with the Pacific Railway Co that this line should not be built.

The Chairman said that would be overriding the power of Parliament.

Hon Mr Mackenzie said it would give the Pacific Railway Company the right to expect compensation if branches were constructed.

Hon Mr Holton and Sir Francis Hinks opposed the preamble of the bill,

Mr Cumberland proposed to alter the preamble to provide that the road should be from, or near, Thunder Bay to some point on the Canadian Pacific Railway east of Winnipeg River.

This was agreed to and the bill passed the Committee.

Causeless Depression.

This expression is often used, but it is manifestly absurd. Gloom and melancholy are not spontaneous. They are unnatural mental conditions and usually have corresponding causes. If there is no apparent reason for despondency, it is a symptom of physical disease In nine cases out of ten the stomach, the liver and the bowels are responsible for the cloud which rests upon the brain In all such cases immediate and permanent relief may be obtained by the use of Hostetter's Stomach Bitters. If the digestive organs are weak an invigorant is necessary; if the liver is disordered an alterative is required; if the bowels are constipated or irregular a gentle aperient is needed. In that famous vegetable remedy these three medicinal properties are commmingled with several others of a scarcely less important character, and hence it speedily cures every species of hypochondria arising from material causes, by removing the causes themselves.

In the summer, when disorders of the stomach and bowels, bilious complaints and all diseases which affect the assimilating and secretive organs are especially prevalent, the importance of having this invaluable tonic, alterative and corrective in every dwelling, and within the reach of all who travel by land or water cannot be overestimated. As it is a staple article throughout the country it would be next to impossible to find a settlement unprovided with a stock of this famous vegetable restorative.

MARAVILLA COCOA.—No breakfast-table is complete without this delicious beverage.—The *Globe* says, 'Various importers and manufacturers have attempted to attain a reputation for their prepared Cocoas, but we doubt whether any thorough success had been achieved until Messrs Taylor Brothers discovered the extraordinary qualities of 'Maravilla' Cocoa. Adapting their perfect system of preparation to this finest of all species of the Theobroma, they have produced an article which supersedes every other Cocoa in the market. Entire solubility, a delicate aroma, and a rare concentration of the purest elements of nutrition, distinguish the Maravilla Cocoa above all others. For homœopaths and valids we could not recommend a more agreeable or valuable beverage Sold in packets only, by all Grocers of whom also may be had Taylor Brother's Original Homœopathic Cocoa and Soluble Chocolate. SPECIAL TO THE DAILY BRITISH COLONIST.

LAST NIGHT'S DISPATCHES.

Europe.

NEW YORK, June 27—A special dispatch from Geneva announces the presence there of General Sherman. Yesterday he visited Gen. Bufor, formerly Commander of the Swiss army. He goes next to Berne, and thence to France.

Lieutenant Grant is at Sermal.

Borie arrived at Geneva yesterday.

The Herald's Geneva special says the members of the tribunal are less reticent, and yesterday they communicated the fact that the representatives considered the business in such a shape that the Arbitration would give a decision favorable to the preservation of the tribunal. The representatives of the British and American Governments visited each other and interchanged courtesies.

A Washington dispatch states that Bancroft Davis telegraphed to the State Department yesterday that he had on Tuesday submitted the instructions sent him last Monday to the Board of Arbitration for all claims presented by the U. S., and wanted them to decide upon the amount due us for the alleged violation of the rules of neutrality during the war.

Tenterden replied that the British Government had instructed him to dispute the statement of the American Agent, claiming that England had acted on the demand of the U.S. for an award of the gross sum and disputed claim for money awards for loss to marine insurance, prolongation of the war, and other indirect claims. Tenterden further contended that if England was in any way culpable her commissioners had already expressed their regret, which is recorded in the Treaty; but if the United States still insisted upon a money award for indirect claims, then England would enter objections that the Tribunal was not empowered to decide anything but the amount due by her to the U. S. for violation of the rules of neutrality acted upon in the eighth Article of the Treaty. In conclusion, he said he must submit the American argument to his Government before assenting to the Tribunal's proceedings, and asked an adjournment till Thursday.

Eastern States.

YANCEYVILLE, June 27—Judge Settle, representative to Congress for the 5th District, addressed the citizens of Caswell Co. at Yanceville on Saturday. Some of his opponents attempted to stop him speaking. They went to the stage and threatened him if he continued with his speech, but he defied them and by his resolute manner prevented them from using personal violence. Prominent men of his opponents insisted on fair play. This brought on a mob and fight among anti-Grant men in which missiles were thrown at the American flag with the names of Grant, Wilson and Settle printed upon them. The Judge finally made his speech. Yanceyville is the place where Senator Stevens was murdered four years ago by the Ku Klux Klan.

The steamer Ajax last evening took away forty passengers and eleven hundred bales of wool.

The installation of officers of the Grand Lodge of Masons of Oregon took place last evening; P. M. C F Patton, Grand Master for the ensuing year, officiating. To-day the new Masonic Hall was dedicated.

An Ordinance passed the Common Council last evening authorising H C Leonard & Co. to construct a bridge across the river at this place. Bonds have been given that the work will be commenced immediately.

Metropolitan Fertilizer.

The enormous loss to the country of fertilizing material through the waste of sewerage of our large cities, shows a remarkable lack of enterprise on the part of our people. In Europe great progress has been made in the introduction of means for utilising the sewerage of cities, and practical experiments indicate that this is a work which can be carried on with great profit to those who undertake it. At Crossness, near London, are the works of the Native Guano Company, which is now in successful operation, deriving its material from sewerage. At Crossness is the reservoir to the southern sewerage of the great metropolis. At this point 50,000,000 of gallons of sewage are daily discharged The works of the guano company are built on one side of the Government pumping station, from which is drawn daily 500,000 gallons of sewerage, which is operated upon by the A B C process, so called because alum, blood, charcoal and clay are the ingredients used for purifying the stuff, 5,000 gallons of the A B C mixture being added to 50,000 gallons of sewerage. The whole is conveyed into mixing pits, whence it is transferred into tanks, where it remains from four to six hours. During this period the precipitated matter accumulates at the bottom as fine as mud, and the water, which has become clear, odorless and chemically pure, is drawn off. The residue is then dried and packed in bags for the farmer's use, meeting with a ready sale at $17 50 per ton. This leaves a profit to the manufacturers of $10 a ton. It is estimated that if the whole of the sewerage of London could be treated in this manner, the result would be a clear profit of over six millions of dollars annually on the manufacture, while the lands of Great Britain would gain in value much more than the cost of the guano from the return to them of so much fertilizing material.

ELOPEMENT IN THE UPPER TEN.

"HOW SHARPER THAN A THANKLESS SERPENT IT IS TO HAVE A TOOTHLESS CHILD."

(From the San Francisco Chronicle.)

The Rev. Horatio Stebbins realizes by this time the truth of the Shakspearian sentiment, "Love laughs at locksmiths." If he doesn't it is not the fault of his charming daughter, Miss Mary Louise. About two years ago this young lady met her fate in the person of a young man named Schroder. He was a very young man—not over twenty—and earned his living by selling tickets at the Pavilion Skating Rink.

THE FIRST OF IT.

He looked out of the little ticket-window, and his eyes fell upon Miss Mary. She looked in at the little ticket-window, and her eyes fell upon him. Tableau—blushes, mutual starts, and finally love. An acquaintance was soon formed and the children fairly reveled in their new-born attachment. For a short time young Schroder called on the young lady at her father's house, but finally the good Doctor's mental nostrils were assailed by the odor of a long-tailed mice, and he mildly suggested that he thought the Stebbins visiting circle was already large enough without the addition of Mr. Schroder. In short, he told the young lady she must no longer receive his attentions. He said she was entirely too young to think of marriage, and besides, Mr. Schroder would not be his choice for a son-in-law.

TOWARDS THE MIDDLE OF IT.

Miss Mary then met her lover clandestinely. She would go to the Skating Rink daily, and wait for Schroder to git through his duties, when they would skate together for hours. They were constantly together when away from the parental eye, and had no thought outside of their own happiness. Finally Mr. Stebbins despaired of breaking up the intimacy except by sending the young lady away for a time. He made arrangement to place her in school in Germany, in the hope that absence would conquer the love he had so long endeavored to dispel.

THE MIDDLE OF IT.

She was to start for New York on the 6th of June. On the 5th she asked permission to go and see some friends and bid them goodbye. She went out, met Schroder, and the two quietly went over to San Leandro, got a license and were married. Schroder brought his bride back to the city and she returned to her father's house. Next morning she started in company with her aunt—Miss Fisher—for New York *en route* for Europe. A few days after this, some busybody happened to see the entry of the marriage in the San Leandro records, and hastened as fast as his legs could carry him to inform Doctor Stebbins. To say that the outraged parent was surprised and shocked, hardly expressed it. He was frantic.

TOWARDS THE END OF IT.

He went to Schroder's place of business, the London and San Francisco Bank, to interview that gentleman without a moment's delay, and there learned the truth. 'Well,' said the good Doctor, 'if that is the case I must telegraph Miss Fisher to return.'

'And what about Mary?' asked the self-imposed son-in-law. 'Well, Sir,' said the Doctor, 'since she is your wife, my advice to you is to look after her. You will find her in New York,' and with that he turned on his heel and left the bank.

THE END OF IT.

He then telegraphed Miss Fisher at New York not to sail for Europe until she heards from him, and a letter is now on the way. It is said that the letter contains a brief note to the young lady, deploring her for her unfilial conduct, and informing her that henceforth she must look to her husband for protection. In short, it is said, the Doctor disowns his daughter for ever..

The youthful bride is very beautiful, has, or had a host of friends, and will probably make young Schroder supremely happy He, like her, is very young, but has good habits and has a fair start in life. Let us hope that the Good Doctor's wrath will soon subside and all yet be happiness and peace between him and his children.

BRITISH COLUMBIA

ESQUIMALT GRAVING DOCK.

THE GOVERNMENT OF BRITISH Columbia are prepared to receive Tenders for the construction of a Graving Dock at the Naval Station Esquimalt Harbor, under the guarantee provided in the Twelfth Section of the Terms of Union of this Province with the Dominion of Canada, which Section is in the following words:

"The Dominion Government shall guarantee the interest for ten years from the date of the completion of the work at the rate of five per cent per annum, on such sums not exceeding £100,000 sterling, as may be required for the construction of a first class Graving Dock at Esquimalt."

The Dock to be of masonry, and of not less than the following dimensions:—

Length on floor 370 feet,
Do over all 400 feet,
Width between copings 90 feet,
Do on floor ..... 45 feet,
Do of entrance..... 63 feet.

To afford a depth of water on the sill of not less than 26½ feet at high water springs, and to be substantially constructed to the approval of Government, upon a site to be provided by the person whose tender may be accepted.

Further particulars as to site, borings, &c., may be obtained from T. A. BULKELEY Esq., Chief Engineer to Government, upon application in writing to the Chief Commissioner of Lands and Works.

Tenders must specify the time within which the Dock will be completed, and must be accompanied by drawings and descriptions, showing exact dimensions, materials and mode of construction of proposed Dock.

Tenders are to be sealed, superscribed "Tender for Esquimalt Graving Dock," addressed to the Chief Commissioner of Lands and Works, Victoria, British Columbia, and delivered at his office before noon of the 15th day of November, 1872.

Persons who may consider the above guarantee to be insufficient, are at liberty to tender on the basis such supplemental guarantee by the Provincial Government, or upon such other financial inducements as they may suggest.

The Government do not bind themselves to accept the lowest or any tender.

Each tender must be accompanied by a Bond from the Contractor, and two sufficient sureties, for the payment of £10 000 to Her Majesty, Her heirs and successors, conditioned upon the due fulfilment of the Tender which it accompanies provided it be accepted within three months from the said 15th of November.

By Command.
